

# Volunteer: In Myanmar on the Ruby Build!

2nd - 9th May 2020, Myanmar

## Ruby Build Information

**BAGO DISTRICT, MYANMAR**

*Work alongside local families in the Bago District of Myanmar, helping them upgrade their current housing situation and giving communities peace of mind.*

Habitat for Humanity was officially registered with the government of Myanmar in 2014. Our involvement in the country, however, began with the response to the devastating Cyclone Nargis in May 2008. Habitat worked with local partners in facilitating early recovery and restored access to food, water, shelter, income and healthcare. Habitat continues to work with donors and partners to build strength, stability and self-reliance through shelter. As of October 2016, more than 3,500 Habitat homeowners are able to build a better life for themselves and their families..
