Objectives and Strategy

The Company's long-term objective is to create a world where everyone has a safe place to live. It does this by working in partnership with communities to address housing poverty and to support integrated community development.

The Company's short-term objectives are to build or renovate simple, decent, affordable homes and domestic violence accommodation centres, help in the recovery and build resilience for survivors of bushfires and other disasters, advocate on behalf of those in need of housing, engage the community and volunteers to donate and assist in program delivery, deliver clean water and sanitation solutions, and to enhance livelihood and educational access.

The Company's strategy for achieving these objectives includes programs to achieve the following outcomes:

1. Build Community Impact - to deliver improved housing to poor communities overseas and in Australia.
2. Build Sector Impact - to build an evidence-base and network of partners to advance change.
3. Build Societal Impact - to educate, motivate and mobilise the community to advocate for better housing solutions.
4. Build a Sustainable Organisation - to fund the mission, grow skills and leadership capabilities and operate with excellence.

Habitat for Humanity Australia Ltd

Directors' report

Habitat for Humanity Australia Ltd
Notes to the financial statements
30 June 2024

Note 1. Corporate information

The financial report of Habitat for Humanity Australia Ltd for the year ended 30 June 2024 was authorised for issue in accordance with a resolution of the Directors on 14 October 2024.

Habitat for Humanity Australia Ltd (the 'Company' or 'HFHA') is a Company limited by guarantee incorporated in Australia and a not-for-profit entity.

The nature of the operations and principal activities of the Company are described in the Directors' Report.

Note 2. Summary of material accounting policies

The accounting policies that are material to the company are set out below. The accounting policies adopted are consistent with those of the previous financial year, unless otherwise stated.

New or amended Accounting Standards and Interpretations adopted

The company has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted, other than as noted below.

Basis of preparation

The financial report has been prepared on a historical cost basis.

The financial report is presented in Australian dollars which is the Company's functional currency.

Where applicable, certain comparative figures are restated in order to comply with current period's presentation of the financial statements.

This general purpose financial report has been prepared in accordance with the requirements under the NSW Charitable Fundraising Act 1991, the Company's constitution, the financial reporting requirements under the Australian Council for International Development (ACFID) Code of Conduct, Australian Charities and Not-for-profits Commission ('ACNC') Act 2012, Australian Accounting Standards - Simplified Disclosures, Australian Accounting interpretations and other authoritative pronouncements of the Australian Accounting Standard Board.

Significant accounting judgments and estimates

The preparation of financial statements require management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of the assets, liabilities, income and expenses. These assumptions and estimates are based on historical experience and other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making the judgments. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

Estimates and adjustments have been made with regard to loans and other financial assets in relation to timing of future cash flows and applicable interest rates. In order to estimate the timing of the future cash flows, adjustments are made to the calculation periodically to reflect actual repayments received and then used as a forecast of future cash inflows expected.

Note 2. Summary of material accounting policies (continued)

Revenue recognition

The company recognises revenue as follows:

Revenue is recognised to the extent that it is probable that the economic benefits will flow to HFHA and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

- (i) Cash contributions received or receivable are recognised as revenue when:
 - a. HFHA obtains control of the contribution or the right to receive contribution;
 - b. It is probable that the economic benefits comprising the contribution will flow to HFHA; and
 - c. The amount of the contribution can be measured reliably.

Income is measured at the fair value of the contributions received or receivable.

- (ii) Legacies are recognised when the Company receives the legacy. Revenue from legacies may comprise bequests of cash, shares or other property and are recognised at fair value, being the market value of the shares or property at the date the Company becomes legally entitled to the shares or property.
- (iii) HFHA receives restricted contributions from third parties under the following arrangements:
 - a. Grants received from Habitat for Humanity International ('HFHI') for designated purposes.
 - b. Grants received from Government organisations, corporate sponsors and donors for domestic and international projects.
 - c. Grants received from individual donors for specific projects or countries.
- (iv) Income arising from the contribution of assets or services (gifts in-kind) is recognised when all the following conditions have been satisfied:
 - a. HFHA obtains control of the contribution or the right to receive the contribution;
 - b. It is probable that the economic benefits comprising the contribution will flow to the HFHA; and
 - c. The amount of the contribution can be measured reliably;

Income is measured at the fair value of the contributions received or receivable.

- (v) Investment income
Finance income on financial assets is recognised as it accrues using the effective interest rate method. Interest income from banks is recognised as and when it accrues to the Company.

- (vi) Global Village
Volunteer hours contributed by the Global Village volunteers in building homes for low income families in the Asia Pacific region have been translated into monetary terms by applying DFAT criteria. The total value of such contributions, taking into account the number of days on site is \$227,451 (2023: \$67,471) and is not recognised as income.

Expenditure

Fundraising costs are those incurred in seeking voluntary contributions by donations and do not include costs of disseminating information relating to the activities carried on by the Company.

Management and administrative costs are those incurred in connection with administration of the Company and compliance with constitutional and statutory requirements.

Transfers to overseas partner organisations are recognised as expenses when remitted.

Note 2. Summary of material accounting policies (continued)

Foreign exchange gain/loss

HFHA has the following policy with regards to exchange gain/loss:

- a. In case of funds received from overseas partners HFHA recognises receipts at exchange rate on the date of receipt i.e. the money actually credited to the account by the bank.
- b. Funds transferred for projects to overseas partners are recognised as an expense.
- c. For amounts payable to volunteer trip host countries, the liability recognised is measured based on the exchange rate as at the reporting date. When actual payment is made, the difference between the amount payable due to movements in exchange rates is recognised in the surplus or deficit.

Lease liabilities

The Company used the incremental borrowing rate of 5.33% as similar to fixed rate of small business per Reserve Bank of Australia published business lending rates at the time of the lease commencement.

Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Income tax

The Company has separate endorsements per *Division 50 of the Income Tax Assessment Act 1997 (ITAA)* as an income tax exempt charitable entity for international and domestic funding and as such incurs no liability to pay income tax. Both international and domestic funds have deductible gift recipient status.

Right-of-use assets

A right-of-use asset is recognised at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Where the company expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is over its estimated useful life. Right-of use assets are subject to impairment or adjusted for any remeasurement of lease liabilities.

The Company has elected not to recognise a right-of-use asset and corresponding lease liability for short-term leases with terms of 12 months or less and leases of low-value assets. Lease payments on these assets are expensed to profit or loss as incurred.

Property, plant and equipment

Land and buildings are shown at fair value, based on periodic, at least every 3 years, valuations by external independent valuers, less subsequent depreciation and impairment for buildings. The valuations are undertaken more frequently if there is a material change in the fair value relative to the carrying amount. Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset. Increases in the carrying amounts arising on revaluation of land and buildings are credited in other comprehensive income through to the revaluation surplus reserve in equity. Any revaluation decrements are initially taken in other comprehensive income through to the revaluation surplus reserve to the extent of any previous revaluation surplus of the same asset. Thereafter the decrements are taken to profit or loss.

Note 2. Summary of material accounting policies (continued)

Valuations of land and building

The land and building were last revalued on 24 May 2024 based on independent assessments by a member of the Australian Property Institute having recent experience in the location and category of land and buildings being valued. The directors do not believe that there has been a material movement in fair value since the revaluation date. Valuation is based on current prices for similar properties in the same location and condition.

Plant and equipment is stated at cost less accumulated depreciation and any impairment in value.

Depreciation is calculated on a straight-line basis over the estimated useful lives to the Company commencing from the time the asset is held ready to use. The estimated useful lives are as follows:

Furniture and fixtures	5 years
Computer hardware	3 1/3 years
Computer software	2 years
Vehicles	5 years
Containers and trailers	10 years

Asset under construction

Asset under construction is stated at cost and not depreciated until it becomes available for use, that is, when it is in the condition necessary for it to be capable of operating in the manner intended by management.

Contract liabilities

Management has calculated deferred revenue at the reporting date with only those amounts restricted and potentially repayable deferred to future periods.

Where contributions received are contractually restricted, the amounts received are recognised as deferred revenue over the period to which it relates, usually 12 months. Where the amount received for which service is provided over a period exceeding 12 months after the reporting date, the amount is discounted and presented a non-current liability. Also refer to Note 14.

Independent Auditor's Report to the Members of Habitat for Humanity Australia Ltd

REPORT ON THE AUDIT OF THE FINANCIAL REPORT

Opinion

We have audited the financial report of Habitat for Humanity Australia Ltd ("the Company") which comprises the statement of financial position as at 30 June 2024, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information, and the Directors' declaration.

In our opinion, the accompanying financial report of the Company has been prepared in accordance with Division 60 of the *Australian Charities and Not-for-profits Commission Act 2012*, including:

- (a) giving a true and fair view of the Company's financial position as at 30 June 2024 and of its financial performance for the year then ended; and
- (b) complying with Australian Accounting Standards – Simplified Disclosures and Division 60 of the *Australian Charities and Not-for-profits Commission Regulations 2022*.

In accordance with the provisions of the *Charitable Fundraising Act 1991* and the regulations thereto, any money received as a result of fundraising appeals conducted during the financial year has been properly accounted for and applied with the following provisions:

- (a) the financial report shows a true and fair view of the financial result of fundraising appeals for the year to which they relate;
- (b) any money received as a result of fundraising appeals conducted during the year ended 30 June 2024 has been properly accounted for and applied in accordance with the *Charitable Fundraising Act 1991* and the Regulations thereto;
- (c) the financial report and associated records have been properly kept during the financial year in accordance with the provisions of the *Charitable Fundraising Act 1991* and the Regulations thereto; and
- (d) at the date of this statement there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* ("the Code") that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by Division 60 of the *Australian Charities and Not-for-profits Commission Act 2012*, which has been given to those charged with governance, would be in the same terms if given as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and the Directors for the Financial Report

The Directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with the Australian Accounting Standards – Simplified Disclosures and the *Australian Charities and Not-for-profits Commission Act 2012*, the Regulations there to, the *Charitable Fundraising Act 1991* and for such internal control as management determines is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The Board is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
